

General Specifications:

Metal: The Pipeline series 15 bike racks are constructed of 3" (7.6 cm) diameter aluminum tubing. The metal is coated with Polyester, electrostatically applied, and baked at a high temperature to produce a "mar-resistant" finish.

Hardware: Vandal-resistant flush nuts are provided for all bolt-down and free-standing models. All hardware is professionally finished with our baked-on Polyester Powder Coating.

Options:

Installation: The Pipeline 15 Series is available as in-ground or bolt-down.

In-ground: The Pipeline bike rack installs directly into concrete to a depth of 12".

Bolt-down: The Pipeline bike rack is fastened directly to the ground using 3/8" bolts (not provided). Vandal-resistant flush nuts are included for additional security.

Metal Colours: Make your choice from one of eighteen standard paint colours. Or, for an additional charge, choose from one of over 160+ custom paint colours. Standard colour chips and Custom colour charts are available upon request.
